

Technical data sheet

Zinc repair paint

Item number: 2362979

Zinc repair paint for blank areas on the hot galvanised steel parts, to eliminate grinding and welding damage on the galvanisation and to adapt ungalvanised small parts on galvanised structures.

Resistant to normal weathering influences. Light shade, similar to zinc. Before paint application, the substrate must be carefully cleaned and roughened. Paint application with a brush.

Composition corresponds to the specifications of DIN EN ISO 1461.

Master data

Item number	2362979
Type	ZABF
Description 1	Zinc repair paint
Manufacturer	OBO
Dimension	500 ml
Smallest sales unit	1
Unit of quantity	Piece
Weight	86 kg
Weight unit	kg/100 pc.

Technical data

Lead-free	yes
Combustible	yes
Chromate-free	yes
Application area	Galvanised surfaces
Function	Corrosion protection
Contents	500 ml
Paintable	yes
Quick-drying	no
